

ProHost® Minibar Mobiles

ProHost® Mobiles allow for a smooth and controlled delivery of minibar items to guestrooms. ProHost® Mobiles **reduce costs, improve guest satisfaction and increase productivity** for minibar restocking operations.

The **large holding capacity** of ProHost® Mobiles enables minibar attendants to service an entire assignment without reloading at mid-day. The **smart appearance** of ProHost® Mobiles complements the polished image of the finest hotels. It shows hotel guests that management takes pride in every aspect of its service.

Power-Assist Mobiles revolutionize the delivery abilities of minibar attendants. The powered Mobile Supplier **transports hundreds of pounds** of inventory effortlessly through guest corridors with just the touch of a button. **Back strain and fatigue** associated with moving heavy loads are **virtually eliminated** with the power option for ProHost® Mobiles.
