

SPECIFICATIONS

Hostar International, Inc. designs, manufactures and sells innovative material handling systems. State of the art plastic molding technology is used to produce high quality ProHost® Mobiles and accessories.

Mobiles are assemblies of ABS blow molded panels, foam-filled for strength, insulation and noise reduction. Mobiles are shipped fully assembled and have a fifteen to twenty year useful life. Top, side, back and base panels are field-replaceable making periodic appearance upgrades easy and affordable.

ProHost® Suppliers are available in three heights, come in double bay or single bay and can be specified with a variety of totes and shelves. Other optional features include power-assist, tambour door and lock, revolving bumpers, casters for carpet and concrete or outdoor settings.
