

## HOSTAR INTERNATIONAL, INC.

UPGRADE APPEARANCE  
AND EFFICIENCY OF  
PUBLIC AREA MATERIAL  
COLLECTION**ProHost® Mobiles**

effectively reduce costs, improve guest floor appearance and increase productivity for room service tray pick-up operations and collection of trash and soiled linen.

Room Service  
Tray Pick-up

Studies show that the timely removal of room service trays from guest floors improves guest satisfaction and hotel cleanliness scores. The **large holding capacity and efficient internal organization** of the ProHost® Tray Pick-up Mobile allows retrieval of up to a dozen trays on one service trip. In addition to improved appearance, hoteliers report fewer spills and carpet stains and less breakage. No need to clutter up service landings since trays in the Mobile are transported directly to stewarding.

The ProHost® Super Collector, developed for housekeeping and banquet operations, is designed for the unobtrusive retrieval and transport of soiled linens and trash from guest floors and function areas. The upper and lower doors on the Super Collector provide full enclosure, keeping unsightly items out of guests' view. The removable lower door provides fast and easy unloading at linen and trash sites.

**Add Power Assist to any ProHost® Mobile** and transport hundreds of pounds effortlessly with just the touch of a button. Back strain and fatigue associated with moving heavy loads are virtually eliminated with the power assist option.

Mobile Super Collector

Additional unique features of the ProHost® Mobiles:

- Ergonomically designed equipment that is **easy to maneuver**.
- **Shelving adjustable** on 2" increments providing maximum internal flexibility.
- Modular family of **tote organizers available** to contain small items and recyclables.
- **No sharp metal edges** which can damage walls or injure employees.
- **Extended useful life** with easy field replaceable side, top and back panels. Totes and Mobiles are **cleanable** with standard cleaning products.

ProHost® Mobiles give managers the power to provide superior service to customers while reducing departmental costs and improving employee morale.
